# Entering Kindergarten Summer Math Ideas

What is your favorite number? Why is it your favorite number? Draw a picture displaying your favorite number.	Start at 10 and count backwards by 1's. How did you do?	Sing the "Days of the Week" song. What is today? What was yesterday?	Line up 10 of your toys. Which one is first? Which was is last?	Make your bed. What did you do first? What did you do next, and last?
Practice writing numbers. How high did you go? Are the numbers in order?	Collect treasures from outside. How could you sort your treasures?	Make a pattern from things found outside.	Puzzle Day! Try making a puzzle using an old coloring book page. Put it back together.	What is your favorite flavor of ice cream? Ask 4 people the same question. Have an adult help you make a graph.
Make a pattern. Have a family member continue the pattern.	Fill a string with pasta shapes. How many pieces did you use?	Use a snack to make a pattern. Example: cracker, apple slice, cracker, apple slice	Play "Simon Says." Use words like over, under, in front, behind, beside.	Use play dough to make numbers 1-10.
Go to the library and look for a number book with a family member. Identify the numbers.	Find 5 things in your house that come in pairs.	Look inside a grocery store flyer. Cut out the numbers 1-20 and paste them in order on a sheet of paper.	Line up your friends from shortest to tallest.	Collect shoes from different family members. Match up the pairs. Sort them into different groups.
