Entering Second Grade

As you know, it is important for your child to continue to read each day during the summer vacation so that the skills he/she has worked so hard to learn in First Grade will not slip away! Instead of providing a set list of required titles, we encourage you to visit your local libraries and bookstores to find books that interest your child. If you are having trouble finding books you like, refer to the links on the Saint Thomas Library’s Summer Reading Page. Please use the Summer Reading Log (page 2 below) to record the books your child reads. You may make extra copies of the book log as you need to! Please return the Summer Reading Log to your child’s second grade teacher when school begins.
